## | Participating Division & Screening criteria

### 01. Drama

There must be a story.

The content delivered to the audience is expressed through pole dance, acting, and video.

#### [ Screening criteria ]

There must be a story of the work.

The time of contact with the pole should be more than 40% of the total length of the work.

Story	Story content and originality	10
	Choreography and acting	20
Aesthetic Element	Background costume	10
	Make-up body line	10
	The beauty of video expression	20
	Natural representation of technology	10
Technical Score	Flexibility technology	10
	Strence technology, dynamic	10

#### [ Common matter ]

1. Lenth 2:40~3:20
2. Gives more score weight to natural expression rather than skill difficulty.
3. Gives high scores to the expression of content using Pole and the visual beauty and background.
4. Regardless of the shooting location and time, the edited video and the content of the video are also submitted. The video is submitted as an MP4 file.
5. Auxiliary performers who do not touch Paul are possible.
6. The video can be edited by changing the time and place, but the motion must be connected and the flow of the plot should not be interrupted.

## 02. Exotic

You can add visual beauty to the existing exotic or do it without high heels in other necessary videos.

### [ Screening criteria ]

You can express it to your heart's content, except for excessive sexual portrayal or explicit touching of a specific area. Exotic high heels must be worn while the pole is in motion.

One more hour for Pole and Floor to exceed 50% of the total work.

The video can be shot and edited by changing the time and place, but the operation must be connected.

Story	Harmonization of conceptual music production	20
	Acting and expression	10
Aesthetic Element	Background costume	10
	Make-up body line	10
	The beauty of video expression	20
